

SPOT LIFT PRO MOB

CODE: 055896

Ideal for all body and mechanical works, this 100% pneumatic lift is designed to lift the front or rear of a vehicle (2.5 T maximum) up to a height of 1.5 m without any physical effort. The wheels allow to rotate the vehicle up to 360°.

Its design makes it easy to slide it underneath the vehicle (14 cm in low position).

Articulated arm

Control pneumatic up/down.

2 height-extension adaptors for 4x4 (options : ref. 048751)

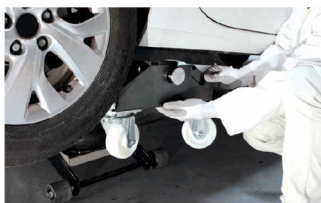

Steel pad with a non-slip rubber coating.

Setting of the pads height.

Height-adjustable support to secure the vehicle when lifted.

Wheel used to rotate the vehicle up to 360°.

Easy installation using the dowel pin system.

The SPOT LIFT PRO MOB improves productivity and allows you to work in better conditions, in upright position.

Prevents back and knee pains due to repeated uncomfortable positions and any long term health conditions that might follow.
